

Hope Happens Here

How We Are Staying Healthy

- We will only use the Narthex Doors for entering and exiting of the Sanctuary.
- Temperatures will be checked.
- We will have hand sanitizer by the door for you as you enter and leave.
- We will have ushers to seat you with appropriate social distancing. Those traveling together will sit together.

- All attendees will wear masks inside the buildings (we will have disposable masks available for

those who come without their own). If you are not comfortable wearing a mask for the entire service, we ask that you participate from home by watching online.

- All staff and volunteers will wear masks.
- We will discourage all physical contact (handshakes, hugs, and high-fives).
- There will be children's Sunday School, they will follow the guidelines the Department of Health has posted.
- Bulletins will continue to be available online. They will not be printed and handed out on Sunday mornings.
- We will not pass offering plates, instead, we encourage your continued giving to be placed in a designated tithe box, mailed to the church, or given online at pilgrimonline.org.
- The sanctuary will be cleaned and disinfected after each Sunday.
